Confirmation and signature of the registered farmer:

As farmer of the above named holding I hereby confirm:

1. An area aid application for the relevant harvest year was submitted.
2. The harvested and delivered biomass comes from areas situated in Austria, which already were in agricultural use before 1 January 2008.
3. It does not originated from
 - Worth protecting areas (Art. 29 of Directive (EU) 2018/2001), which are turned to cultivated land since 01.01.2008.
 - Areas with the status highly biodiverse grassland in the meaning of the Regulation (EU) No. 1307/2014, unless in case of non-natural, namely grassland it is evidenced that the harvesting of the raw material is necessary to preserve its grassland status.
4. For the calculation of the greenhouse gases reduction the default values or the NUTS II values (Art. 31 of Directive (EU) 2018/2001) are used.
5. The harvested and delivered biomass from these areas was produced in compliance with the provisions of the Austrian provinces governing nature conservations which are relevant to Directive (EU) 2018/2001 .

If land-use-changes since 01.01.2008 have been done, these areas have to be excluded (default values or Nuts II values can not be used in this case).

→ Following areas are excluded from this confirmation (plot of land, site)

If there is no exclusion of certain areas, so the confirmation applies to all areas of my holding.

All data from my area aid application can be processed and checked (by on-site-controls) by Agrarmarkt Austria (AMA) or the Federal Ministry of Agriculture, Forestry, Regions and Water Management to ensure the compliance with Directive (EU) 2018/2001.

I also agree, that AMA is allowed to request and to check supplementary area-related data from the appropriate authorities in the Austrian provinces, which is relevant for the compliance with the provisions governing nature conservation.

The farmer confirms that **all information is truthful and completely.**
